Dear HR Team,

I would like to request an update and clarification regarding the following pending matters related to my employment and exit formalities:

1. PF Contribution for February 2026

My PF deduction started in February 2026, but the PF contributions are reflecting in my PF account only from March 2026 onwards. Kindly verify the PF contribution for February 2026 and confirm its status.

2. Comp-Off for Three Non-Working Days

I had worked on three non-working days (22nd, 28th and 29th March 2026) for the NPCI project. I had previously sent an email regarding the settlement of these days. Kindly review my request and confirm how these days will be settled as part of my Full and Final settlement.

3. LWP Deduction for September 2026

An amount of ₹1,294 was deducted as LWP from my September salary despite having sufficient leave balance. I had already raised this concern through email but have not received any response yet. Kindly verify the deduction and confirm whether the amount will be adjusted or reimbursed.

4. Relieving and Experience Certificate

Kindly let me know when I can expect to receive my relieving letter and experience certificate after completion of the exit formalities.

5. Pending Salary and Full & Final Settlement

My salary for the current month has been withheld. Kindly confirm when the pending salary and Full & Final settlement amount will be processed and credited to my account.

I request you to kindly review all the above points and provide an update along with the expected resolution timelines so that these matters can be closed.

Thank you for your support.

Regards,

apItAll
